## All about Lanarkshire

There have been no such dramas in the month between the Snowman and the Border Counties for Bothwell's Alick Kerr.

The 18-year-old, who stepped up to a 1.9-litre Peugeot 205 GTi for the Snowman, is in a confident mood ahead of the Counties after finishing fourth two-wheel drive car on the Snowman – and he reckons he can go faster still.

"I had a lot of problems early on getting used to the car, as I kept spinning, overshooting junctions and missing gearchanges," admitted Kerr.

"But once I got used to the car, my times improved greatly and we came out on top of our class."
